**FILM:**

**“BIGGER, STRONGER, FASTER”** (105 MIN, Chris Bell, 2008 )

In America, we define ourselves in the superlative: we are the biggest, strongest, fastest country in the world. We reward speed, size and above all else: winning – at sport, at business and at war. Metaphorically we are a nation on steroids. Is it any wonder that so many of our heroes are on performance enhancing drugs?

Blending comedy and pathos, **BIGGER, STRONGER, FASTER** is a collision of pop culture and first-person narrative, with a diverse cast including US Congressmen, professional athletes, medical experts and everyday gym rats.
