FILM: "KILLING US SOFTLY 4"

(45 min, Sud Jhally, 2010)

In this new, highly anticipated update of her pioneering Killing Us Softly series, the first in more than a decade, Jean Kilbourne takes a fresh look at how advertising traffics in distorted and destructive ideals of femininity.

The film marshals a range of new print and television advertisements to lay bare a stunning pattern of damaging gender stereotypes -- images and messages that too often reinforce unrealistic, and unhealthy, perceptions of beauty, perfection, and sexuality.
