Plus a Short Film on THE JUBILEE ACT AND DEBT CANCELLATION

WITH REPRESENTATIVES FROM THE PUGET SOUND MILLENNIUM GOALS PROJECT

TIME FOR SCHOOL is based on the premise that education is a basic human right; It focuses on the promise made in 2000 through the United Nations Millennium Development Goals by 191 member nations, including the United States, to provide elementary education to all the world's children by 2015.

TIME FOR SCHOOL is the latest report in an award-winning 12-year project, offering a glimpse into the lives of extraordinary children who are struggling to get what nearly all American kids take for granted: a basic education.
