FRIDAY MAY 7, 2010, 7-9:30 PM

Film: "LORDS OF NATURE: LIFE IN A LAND OF GREAT PREDATORS"

(60 min, Karen Anspacher-Meyer and Ralf Meyer, 2009)

Wolves and cougars, once driven to the edge of existence, are finding their way back -- from the Yellowstone plateau to the canyons of Zion, from the farm country of northern Minnesota to the rugged open range of the West. This is the story of a science now discovering top carnivores as revitalizing forces of nature, and of a society now learning tolerance for beasts they once banished. Narrated by Peter Coyote. Please join us for a facilitated discussion following the film.

(Event is FREE and open to the public! ...but Donations are kindly accepted).

FRIDAY MAY 14, 2010, 6:30-9:30 PM (...NOTE SPECIAL START TIME)

With: Transition Seattle, Sustainable Wallingford and numerous other guests!

Take a hard look at the inevitable intersection of Peak Oil, Global Climate Change, and an Unsustainable Economy. It's not all bad. In fact, it's a golden opportunity! **Please come early (6:30PM), for informal conversation with groups currently working on local alternative energy solutions!** ... Film begins at 7:00 PM.

Following the film, please join us for a facilitated community discussion on local energy solutions!

(Event is FREE and open to the public! ...but Donations are kindly accepted).

FRIDAY MAY 21, 2010, 7-9:30 PM

FILM: "TIME FOR SCHOOL" (53 min; Pamela Hogan, Executive Producer; 2009); Plus a Short Film on THE JUBILEE ACT AND DEBT CANCELLATION (20 min, Jubilee USA)

With Representatives from the Puget Sound Millennium Goals Project.

The documentary film, TIME FOR SCHOOL is based on the premise that education is a basic human right; It focuses on the promise made in 2000 through the United Nations Millennium Development Goals by 191 member nations, including the United States, to provide elementary education to all the world's children by 2015. The film is the latest report in the unprecedented, award-winning 12-year documentary project, 'Time for School'. It visits seven classrooms in seven countries (Afghanistan, Benin, Brazil, India, Japan, Kenya and Romania) to offer a glimpse into the lives of seven extraordinary children who are struggling to get what nearly all American kids take for granted: a basic education.

The Film Short, focuses on the Jubilee Act currently in the US Congress (HR4045).

Please join us following the film for a facilitated discussion with Puget Sound Millennium Goals Project. The members of the Puget Sound Millennium Goals Project believe that ending global poverty is possible when made a global priority, that the United States plays a critical role in this, and that the American people have a powerful voice in ensuring that the needs of the world's poorest people are met.
